

● Why is it important to respond?

- In the event of a disaster, your response helps the university quickly organize support systems.
- If you don't respond, you may be considered missing.

● How do I respond ?

- Just click on the link in the mail you receive!

● How do I register or update my e-mail address ?

- Please check the instructions on the following page.

Be sure to respond the biannual drill(test email) for emergencies!
The next drill is scheduled for November.

●How to register or update your email address
